What You Have Learned

Well done! You've finished the course.

The course's aims were to give you an understanding of key concepts of Git so that you:

- Understand key concepts of Git

- Are able to further develop your understanding of Git

- Have a practical facility with Git that makes you able to diagnose and fix others' problems

This course should give you the ability to become well-versed where you're never surprised or helpless in the face of any Git situation you come across.
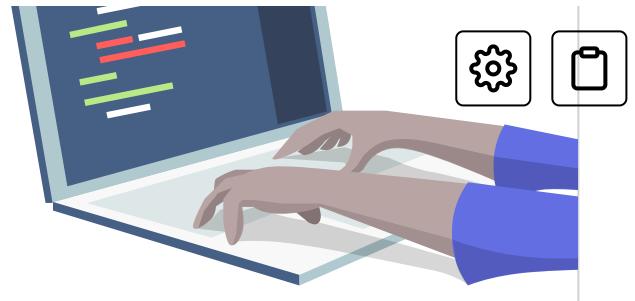

I hope that's what you got from the course! In addition, I welcome any feedback.

Achievement unlocked!
